FOREWORD

THE breeders who are offering cattle in this sale are among the most prominent in the Chicago area. None of them are interested merely in multiplying cattle. It is their aim to improve what already is the World's most useful breed. To do that they have used the best females that could be procured and have mated them with bulls that have been bred so as to inherit the most potent of the breed's bloodlines, or genes.

All of the consignors have selected top Shorthorns from their respective herds, making this one of the best offerings of the year, where breeders and beginners can find the sort of cattle with which to build and improve their herds. We shall be pleased to have you attend the sale and can assure you that you will not be disappointed in this grand offering of breed building cattle. No more impressive pedigrees could be written than those that appear in this catalog. It will be seen that every animal is closely related to many of the best specimens of the breed and that names of famous Shorthorns appear throughout each pedigree.

For this sale, bulls that will be influential in building profitable herds, matrons of proven ability to produce offspring of superior conformation and quality, and bred and open heifers that give rare promise of developing into such matrons, have been selected. Such cattle do not need to be made so fat that their usefulness is diminished, in order to show their quality. Every animal in the sale will be found to be in good strong breeding condition and hence will appeal to the discriminating breeder who knows a good one when he sees it.

Whether you wish to buy or merely to see the productions of these good herds, we shall welcome you to our sale ring on June 8 and to the barns where the cattle will be stalled on the two or three days preceding the sale. Come to see these cattle on the wash rack — there is nothing to hide.

All Shorthorn breeders will recognize the merit of the breeding of the home-bred cattle listed in this catalog. There are eight extremely high class imported bulls and a dozen of the best imported heifers that have been sold in any sale in recent years, for those who are seeking new bloodlines. Altogether it is an offering of which the sellers are proud and which will prove to be of the utmost profit to those who buy them. This will be the fourth annual June sale by members of this group of prominent breeders. It will contain as valuable a lot of Shorthorns as can be assembled from any like number of consignors anywhere in the country.

—Will Johnson, Sale Manager.

KLAYMOR HEIR 2274161

Ringwell Farms' Offering

James C. Ewell, owner of Ringwell Farms, Ringwood, Illinois, is presenting an offering of cattle this year that features the get and service of that impressive sire, Klaymor Heir 2274161. Klaymor Heir was the top bull and universally conceded to be the best individual sold in the Klaymor sale at Unionville, Ontario, in 1944. His impressive masculinity, excellent type and rare quality gave promise that he would take a place among the best sires in America. That promise has been fulfilled. In 1946 his get in the Klaymor Sale outsold the get of any other bull in that great vendue, eleven of them making an average price of \$1389, one of them reaching \$3,000 and another \$3,500. All of his heifers are being retained for foundation stock in the Ringwell herd. One of his best sons is Lot No. 1 in this catalog and the females, Lots 2, 3 and 4 will be sold carrying his service. The other entry from Ringwell is just now at breeding age.

Mr. Ewell invites all breeders of Shorthorns to visit the herd a half mile North of Ringwood, Illinois, whenever convenient to them and to attend this sale on June 8, 1948.

ELCONA SULTAN LEADER 2445148

This son of Edellyn Royal Leader 22d is a dark even roan of exceptional individuality. His sire carries the most potent blood of the breed. The extended pedigree is dotted with famous names that have made Shorthorn history — Coldoch Sensation, Calrossie Mercury, Calrossie Grand National, Calrossie Control, Sultan Browndale, Glenburn Field Marshall, Naemoor Jasper, Browndale Count, Browndale, and Collynie Royal Leader. The last, greatest of all Shorthorn bulls, appears six times in the ancestry of sire and dam.

This calf's sire is a son of Edellyn Royal Leader, Mr. Wilson's All-American favorite, and out of a daughter of Calrossie Mercury, equally famous Edellyn herd sire. The progeny of this combination has set an all-time record both in show winnings and in average sale prices. Edellyn Royal Leader 22d was purchased by Elcona Farms at the top figure of \$6500.00 in the Edellyn Sale of June, 1945.

The dam of Elcona Sultan Leader, Lady Rosewood 29th was bought by Elcona Farms in October, 1940, for \$1500.00, top price in the Douglas sale of that year. She was Senior and Reserve Grand Champion at the 1940 International. She has produced calves regularly at an average interval of twelve months since she was acquired by Elcona Farms and is one of the outstanding cows in the Elcona herd.

Announcement

by F. W. Harding, Anoka Farm, Waukesha, Wisconsin

This consignment can be classed as a specially planned sale in the respects that the imported bulls and heifers purchased in Scotland and herein catalogued have not been offered for private sale as has been the custom previously but on the other hand, have been retained for this sale and the cows and heifers from Anoka Farm were selected early and have been prepared especially for this sale. They are the best individuals in the herd.

We have had a great many sales, which fact is well known, as is also that our aim always has been to supply the trade with a superior class of Shorthorn cattle. For this sale we have aimed to present the most valuable draft that we ever have offered: 7 bulls, all imported; 21 females, 8 imported and 13 Canadian and home bred.

It will be noted that all females of breeding age carry service dates that should insure their being in calf. Service sires are **Anoka Mercury 2377956**, white, February 3, 1946, a grandson on the sire's side of the Perth champion Royal Rothes and of Calrossie Mercury on the side of his dam. He looks like Calrossie Control at the same age and is the best bull produced at Anoka in many years. **Imported Lawton McGregor**, red, was imported by and is owned by Mr. & Mrs. C. A. Butland, Union Grove, Wisconsin. His sire is Kinellar Bugler and he has all the look of a good sire. **Imported Gosshall Cracker**, red, sired by Calrossie Security, a cup winner at Perth has already some very promising calves to his credit.

The pedigrees of the imported animals in this sale, it will be noted, are so extended that the breeding can be fully appraised and generally this breeding is the best in Scotland.

On behalf of the consignors to this Annual Sale, a very cordial welcome is promised to everyone who attends.

Yours very truly,
F. W. Harding.

Nonpareil Ursula — A. J. Marshall breeding on both sides, with Cruggleton Willingdon a great-grand sire on the paternal side and also grand-sire on the maternal side. This heifer was in the short leet, Perth 1948.

Cruggleton Braemar has made a great record in the herd of A. J. Marshall, Stranraer, Scotland. We are showing his picture because he is the sire of the grand young imported bull Cruggleton Barnone.

Cruggleton Barnone has for sire Cruggleton Braemar frequently commented on as being as great, if not the greatest, among the younger sires in Scotland, certainly as an individual he doesn't miss this kind of rating. His two grand sires are Cruggleton Perfect and Cruggleton Willingdon. Cruggleton Barnone's dam, Saltoun Buttercup Gwen, also has two famous grand sires, Calrossie Souvenir and Harviestoun Golden Glow.

CHAPELTON CLARION (Imp.)

Chapelton Clarion has for sire the Perth Champion, Collynie Souvenir and for dam Iris Clara, top cow in the Chapelton herd sired by Cruggleton Perfect. Chapelton Clarion was possibly Walter Biggar & Sons best entry at Perth 1948.

BUTTERMERE BLEND (Imp.)

Buttermere Blend was in the short leet at Perth. His pedigree can be studied with interest for on both sides, many names of sires will be recognized as among the best as well as most favorably known in Great Britain.

CORRIMONY EMPEROR (Imp.)

Corrimony Emperor was in the short leet at Perth and more than once commented on as one of the best sons of Naemoor Marshal. The Corrimony herd is one of the top recently founded Shorthorn herds in Great Britain. The cows and heifers in this herd have made some of the best prices at auction and private treaty. Naemoor Marshal's record as a sire at Perth in 1948 places him in a high position.

The Corrimony herd is one of the top recently founded Shorthorn herds in Great Britain. The cows and heifers in this herd have made some of the best prices at auction and private treaty. Naemoor Marshal's record as a sire at Perth in 1948 places him in a high position.
